

38th Annual Lake Louise Loppet

Jessica Stichelbout and Karen Messenger in their grannies' or was it grandpas' old clothes and wooden skis? These terrible twins skied together and crossed the Finish Line together in a dead heat . But they were obviously enjoying themselves . Photo by Alasdair Fergusson

Sunday, March 7, 2010 was a picture perfect day for the 38th Annual Lake Louise Loppet. With snow temperature of - 10 and air of 0 at race time, with good track setting good results were expected. No fewer than 13 race classes out of 38 classes set record times.

Chandra Crawford raced the 10 km event, fresh from Olympics and promised that it would not be another 13 years until she raced at Lake Louise

There was a record attendance of 65 kids in the 1 and 2 km events . Total 290 in all .

The new Heritage talk by **Ward Cameron** before the medal awards and prize draw in the Victoria Room was very well received.

This was a request by the National Parks SEPAC process.

We received some suggestions as to how it might be improved for next year .

Thanks to the volunteers from the Calgary Ski Club as well as local Lake Louise Sponsors .

Fairmont Chateau Lake Louise for draw prizes and supplies and use of Victoria Room and Lake Louise Ski Area for both draw prizes and a Ski Patroller and toboggan .

For draw prizes: Deer Lodge, Lake Louise Inn, Lake O'Hara Lodge, Wilson Mountain Sport, Chateau Mountain Sport , Mountain Lights Bookstore.

Thank you to Laggan's Bakery for a supply of wonderful cookies and Banff Heritage Tourism for support for Ward Cameron's talk .

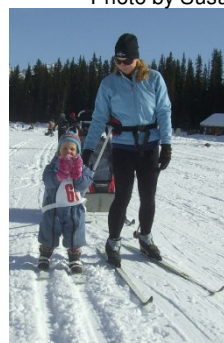

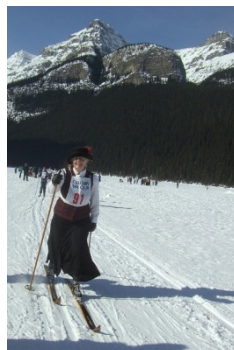

I hope to see every one at the same time, same place next year!

Thanks to all

Alasdair Fergusson Chief of Competition and Loppet coordinator

Julianne, one of the youngest two year olds from Calgary. She was cute and very interested in eating the snow. Skiing, she would ski one step then stop and pick up a mitt full of snow! FUN!
